June 2026

Dear Investigator /Study Coordinator,

#### 2026 Holiday Schedule of Services for IQVIA Laboratories

As a new quarter approaches, IQVIA Laboratories would like to advise you of our plans to provide continuous service to our customers during the Jul 2026 - Sep 2026 time period. The attached document provides you with specific information regarding the services we will be providing during this time period at our global laboratories.

In addition, when scheduling your patient visits, please keep in mind that during holiday periods the airlines, couriers and postal services are overburdened, and there is a much higher potential of delayed shipments during this timeframe.

IQVIA Laboratories Global Project Services

## IQVIA Laboratories Clinical Trials Global Laboratories 2026 Holiday Information

Please consult the information in the following table for Jul 2026 - Sep 2026.

Samples shipped internationally should not be shipped to the intended performing lab on the 2 days immediately preceding a holiday in that country. Shipment arrival on a holiday should be avoided. This will reduce the potential for loss of sample stability should an international shipment arrive on a holiday in the performing lab country and encounter customs clearance delays. Domestic shipments should be avoided 1 day before the holiday. Please note, as Independence Day falls on a Saturday in 2026, UPS and FedEx will not operate in the US on 03 or 04 Jul, as such sites should avoid tendering shipments to those carriers on 02 or 03 Jul. Should sites require to ship on these dates, please contact backup courier Marken Premium.

The couriers, DHL, FedEx, TNT, Marken UPS do not pick-up or deliver on national holidays. Premium couriers such as Marken, OCASA, PDP, Quick, DTW, and World Courier can provide service however please speak to your IQVIA Laboratories Project Manager for authorization.

Dry ice delivery services must be arranged in advance with the appropriate courier. Please consult your local courier for details on their service in your country during upcoming holidays.

Sites shipping specimens to other 3rd party laboratories should contact those locations for their holiday schedules for receipt of shipments.
